

A.W.R. D.N.A.

Built by Malibu Boats with unstinting dedication to the same legendary craftsmanship, Axis Wake Research is all about high performance and astonishing affordability. Axis has seen explosive growth in the watersports industry since its 2009 founding, reaching sixth in market share within three years—and showing no signs of slowing down. Together, Malibu and Axis easily lead, commanding almost 35 percent of the North American market.

But an Axis Wake Research boat is its own animal, part of an utterly original, independent line within the Malibu family that's designed and constructed from the ground up by a select group of radical boat engineers and builders who constantly question the status quo, always driving and riding, listening to

our pros and customers, and looking beyond tradition and outdated modes to the very point of the cutting edge. Our artisans work in an environment in which they can freely share ideas and challenge one another to create only the best for our customers. This freedom and trust lead to incredible ingenuity and one-of-a-kind production techniques.

Handcrafted in the U.S.A. to your exact specifications, Axis was created to get more people on the water in true performance boats—at a sweeter price. It's all about you. It's your boat. But know that we take it very personally. Every single Axis is a work of art and a labor of love.

As always, Axis Wake Research remains centered on you.

KICK UP A BEAST OF A WAKE

You have the power. That's the beauty of an Axis boat: all the performance you need and nothing you don't. This underlies everything we do, so you have the ability to do whatever you want on the water—ride, surf, ski, cruise—without breaking the bank. Axis means purity and control. Yes, you have the power to generate a monster wake and then transform it into a massive custom wave, but you can also dial it all in for every skill level, setting up the perfect playground for any rider, every time. Unleash the beast, rein it in, tame it, whatever. It's your show—and the 2015 Axis lineup is ours. Higher performance and higher quality all around make it our best year yet.

MAKE WAVES

Imagine total wake control at your fingertips. It's yours with Malibu's revolutionary Surf Gate, available as an upgrade on every Axis model. This industry-changing innovation was the first to market, and it's still the best. Equipped with Surf Gate, your Axis can turn a monster wake into a massive wave, creating the most dynamic playground for wakesurfing ever.

All you have to do is flip a switch to transform your wake into a perfect, surfable wave, easily shifting the lip from side to side for transfers and regular or goofy foot. Fast actuators on the dual Surf Gates mean transfers are easier than ever. Passengers never have to pile up and lean the boat; they can just sit back, relax, and enjoy the action while the driver controls it all with ease, giving surfers a smooth, glassy, customized wave frontside or backside. Surf Gate is not only the original; it's truly the ultimate wakesurfing system.

SURF GATE

A200

SAVAGE SHREDDER

WICKED AGILITY & PRECISION

Without sacrificing a bit of performance, the A20 is easy on the wallet and has everything you need in a towboat, with a focus on simplicity and power. This 20-foot wake specialist features a wake-and-wave-maximizing hull and incredible handling, plus it's easily towed and stashed in your average garage.

A20

A20

Access and agility are never problems when you've got an A20 underneath you. And that's our aim exactly: a go-anywhere, do-anything boat that, despite its size, can still kick up a massive wake—especially with the Auto-Set Wedge—and peel off burly waves with our revolutionary Surf Gate, the best wave-maker out there.

Every inch of the A20's function-focused interior is crafted for comfort and ease of use, with maximized space, a Wedge position indicator, auto-volume control, and upgraded vinyl seating for as many as 11 people. And there's no need to fear the chop; the A20 doesn't get tossed around like other boats in its class, thanks to a cutting hull and a Shark Fin for superior tracking.

Length	20'/6.10m
Beam	98"/2.49m
Draft	27"/0.69m
Seating Cap	11 people
Weight Cap	1,550 lbs.
Weight	3,500 lbs./1,588kg

- Battery charger
- New metal-flake gel colors (black, purple & yellow)
- AquaFusion carpet
- Auto fire extinguisher
- Upgraded under-seat lighting (red, white & blue)

See "Standard Packages & Options" for full information on all models.

PRO INTEL

"The A20 is an all-around ripper. I'm amping on this boat because it's really easy to drive, has a wake that's huge and shaped for a friendly ride, and always has a great wave for wakesurfing with Surf Gate. Plus it's no sweat to drop the tower and fit everything in the garage."

—Trevor Maur, Axis Team Rider

A22

BEAUTIFUL BEAST

THE FIRST AXIS, REBORN

Monster wakes and waves come standard with the all-new A22. Redesigned from scratch—with a new wake-and-wave-maximizing hull, as well as a new interior, walk-through bow, AW15 Tower, and more—this aggressive 22-footer is built to create the perfect playground for wakeboarders and -surfers of all skill levels.

A22

A22

Fly low in our first and now latest model, completely redesigned to give you a 22-foot total package that's as smooth running flat out as it is dialing in the ideal wake, whether you're towing a pro or a kid out to get their first taste of big air.

The new A22 is without a doubt one of the all-around highest-performing wake machines out there, built to give you the exact experience you want on the water, with zero complications. Hardcore pros go after this boat for its perfect, solid wake, but its clean lines and aggressive styling don't hurt, either.

Length	21' 11"/6.68m
Beam	102"/2.6m
Draft	27"/0.69m
Seating Cap	15 people
Weight Cap	2,115 lbs.
Weight	4,000 lbs./1,814kg
Fuel Cap	42 gal./159L
Std HP	350
Max HP	550

- Upgraded under-seat lighting (red, white & blue)

See "Standard Packages & Options" for full information on all models.

PRO INTEL

"I was blown away when I got to drive and ride behind the new A22 at the photo shoot. This boat delivers on everything I want: a mammoth-size wake with a great shape and pop, an unreal amount of interior room, and a sleek, modern design. To make things even better, the speed control, ballast, the Wedge, and Surf Gate are the easiest to use. This boat is the definition of 'bang for your buck.'"

—Tom Fooshee, Axis Team Rider

AS4
WAKE MONSTER

COLOSSAL FUN, CRAZY VERSATILITY

Looking for lots of space, performance, and versatility? Here you go. The A24 offers world-class wakes, responsive handling, and the largest seating and storage capacity in the Axis lineup, hauling as many as 17 people. It's also the most affordable 24-footer in its class.

A24

A24

The A24, with its sheer size and wake-and-wave-maximizing hull, is designed for those who want to do it all, whether you're wakeboarding with the Wedge, engaging Surf Gate to turn that wake into the perfect wave, party-barging, or playing all day with the whole family literally in tow.

This 24-footer drops jaws with its incredible versatility. It performs amazingly no matter what you're after on the water and regardless of rider skill levels. And you've never seen a monster look so clean and sleek. The A24 sets the bar for what a boat this size at this price can do.

Length	24'/7.32m
Beam	102"/2.59m
Draft	27"/0.69m
Seating Cap	17 people
Weight Cap	2,400 lbs.
Weight	4,500 lbs./2,041kg

- AquaFusion carpet
- Auto fire extinguisher
- Upgraded under-seat lighting (red, white & blue)

See "Standard Packages & Options" for full information on all models.

PRO INTEL

"Axis makes the perfect boat for me. I can ride it hard and fast and it's always ready to ride again. I'm hard on boats, and it never lets me down. The A24 has all the great performance, comfort, and wake shape like the rest of the Axis line, but it's the super-stretch-limo version. And the wake rivals anything out there."

—Randall "The Vandall" Harris, Axis Team Rider

T22

KILLER CLASSIC

TRADITIONAL BOW, SICK WAKES

Traditional bows are nothing new, but the T22 is anything but traditional, designed for those who demand high performance at a reasonable price. This 22-foot wake-shaper's cab-forward design and perfect weight distribution deliver a quicker hole shot, with less bow rise and a level ride, amping driver visibility.

T22

T22

Redefining “traditional” by offering extraordinary performance at a budget-friendly price, the T22 comes with a wide, 102-inch beam, allowing as many as 15 people to ride in comfort on our plush, upgraded vinyl seating. The cab-forward design offers the largest lounge area in its class.

The T22 sports a wake-and-wave-maximizing hull, and its helm features a top-of-the-line, full-swivel driver’s seat, precision Livorsi throttle, and effortless steering, providing the perfect amount of water-surface feedback. And with the Auto-Set Wedge and Surf Gate, riders of all levels can ride and surf endless customized wakes and waves.

PRO INTEL

“The T22 is amazing. I can’t believe how good the Surf Gate wave is all-around, right out of the box. Compared with other boats using stock ballast, it has hands down the best wakesurf wave I’ve ever seen. I can ride behind this thing all day. Everything is always dialed.”

—Johnny Stieg, Axis Team Rider

TREVER MAUR

Some guys just get it—and seem to be having more fun than everybody else on the water. Trever Maur is a ripper from the California Delta who brings mad style and a killer attitude to the Axis family. With his wrapped tuck-knee spins and legit, between-the-boots grabs, Trever is one of the most enjoyable riders to photograph and video. And when he's not the subject, Trever switches sides, working as a pro videographer and editor.

TOM FOOSHEE

Tom Fooshee embodies everything that's awesome about being a pro wakeboarder. Known as "The King of Cable," Tom's ability behind the boat is just mind-blowing. You can't miss him when he's out ripping behind his A22 at Texas Ski Ranch, in New Braunfels. A sharp wit and totally approachable, this 2010 *Alliance Wakeboard Rider of the Year* is another guy who just "gets it" and is always fun to be around.

JOHNNY STIEG

Johnny Stieg is the newest member of the Axis family, recognized for his fluid airs and raw, free-flowing tricks. With his spontaneous approach, this stylish wakesurfer always keeps things interesting. You never know what he's going to do next. Johnny's aggressive approach stands in contrast to his laid-back Cali personality. He's deeply rooted in his California upbringing and has spent countless days surfing every break up and down his home state's coastline.

A portrait of Randall Harris, a man with long brown hair and a beard, wearing a black Rockstar Energy cap and a black tank top. He has extensive tattoos on his arms and is looking down thoughtfully with his hand near his chin. The background is dark with a large splash of water.

RANDALL HARRIS

Randall "The Vandall" Harris has been setting the bar for huge air and legit style since he was 13, when a lot of riders were still "ski-boarding." Randall founded West Side Riders (WSR), and his skills are off the charts. He rides ten feet longer than most pros and about five miles per hour faster, which lets him spend more time in the air and cover huge distances. He's taken home top prizes all over the world and snagged *Alliance Wakeboard Rider of the Year* twice—something no one else can claim.

VANDALL-IZE YOUR RIDE

Channel your inner Vandall by getting an Axis A24 loaded with the upgrades of this exclusive edition. The West Side Riders vibe is timeless, but you can choose any colors you want, plus Chillax seating and our Sound Pack III stereo keep your crew in the groove. Just how the Vandall likes it.

VANDALL

FULLY LOADED

Swivel board racks keep the tools of the trade handy, and you've got extra lights and a Tricked-Out trailer package with Rockstar 2 wheels. Several smart additions make everything easier: a High-Altitude Prop, a Plug 'n' Play ballast upgrade, the Auto-Set Wedge, a depth-finder, and more.

LIQUID FORCE EDITION

Add some serious style with the Liquid Force Edition, available on the Axis A22, A24, and T22. Stand out on the blue with iconic Liquid Force graphics, a gorgeous green metal-flake gel coat, and a bright-white interior and AW15 Tower. With this Flipside design scheme, your boat is without a doubt “money.”

BROSTOCK

The ultimate summer wakeboarding party, Brostock is two days of top athletes and nonstop action as they vie for fan love and serious prize money. Liquid Force teams up with Axis, the official “Broboat,” for this epic annual gathering of those who love big water and big air.

Axis Wake’s own Randall “The Vandall” Harris won the 2013 double-up contest after throwing down behind the A22 in front of thousands of fans. Keep an eye on axiswake.com for details on the 2015 event, then head out and join us for another amazing weekend on the water.

TOWER

Every Axis tower is built in-house and rigorously tested, so you know you're getting the very best. For 2015, the new AW15 Tower gets fresh bimini designs, including an optional high-end Z5 hard-shell and a surfboard bimini. It also features a hinged base, for easy folding and storage, and comes in black, white, or charcoal.

POWER

You need a brutally powerful engine to churn up a beastly wake. Luckily, our Monsoon engines start at 350 horsepower and go up to a super-duty 550. Talk to your dealer about which powerhouse is right for you. And if the ocean is your aim, you'll want our Salt Series package, available for every engine.

ENGINE	DISPLACEMENT	HP	GEAR RATIO
Monsoon 350	5.7L CAT	350	172:1
Monsoon 409	6.0L CAT	410	148:1
Monsoon 450	6.0L HO CAT	450	172:1
Monsoon 550*	6.2L/LSA Supercharged	550	148:1

*Not available on the A20.

SOUND

Make any day better with a killer high-fidelity system kicking out your favorite tunes. New for 2015, Wet Sounds speakers are available with any Sound Pack. Add Bluetooth and wirelessly play music from your phone. Keep it cool, turn it up, or go big and loud—whatever setup you want, we've got you covered.
