BENNINGTON

IT'S TIME TO GET AWAY.

Work and school. Groceries and mowing. Housecleaning and homework. Welcome to life in Ordinary. It's not really a bad place to be – it feels like home. But there are other places. Magic places where we can laugh together, play together – be together. Places that leave Ordinary far behind.

Bennington builds Pontoon Boats for those places.

2575 RLI

Corner Gate Option

Away

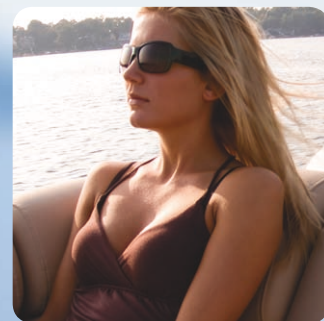

you are now leaving Ordinary.

A R E W E T H E R E Y E T ? D O W E H A V E T O B E ?

Just because your trip from Ordinary might be a long one, it doesn't have to feel like it. Bennington boats are loaded with innovative features and intuitive details that make "getting there" the best place to be.

Take a seat, take it easy.

comfort is in the details.

comfort

dependable quality.

S A T I S F A C T I O N I S N O T A F A D , I T ' S A H A B I T .

For the seventh consecutive year, the NMMA has recognized Bennington Marine with their CSI Award, an independently measured Standard of Excellence in Customer Satisfaction.

Stem-to-Stern Warranty

The first five years are on us. All materials and workmanship on your Bennington are covered — including carpet, upholstery and electronics. No hassles, no worries. The engine is covered by the manufacturer's warranty.

Limited Lifetime Warranty on Structural Components

You get a limited Lifetime Warranty on the structure, pontoons, gates, channels, motor mounts and seat frames. If anything goes wrong, we'll fix it. Season after season, your Bennington will be ready to take you far from Ordinary.

Limited Lifetime Warranty on Deck

You receive a Limited Lifetime Warranty on the 7-ply, pressure-treated marine grade wooden deck. Since we fasten the rails and deck directly through the under structure, Bennington decks flex less and will provide you with a lifetime of enjoyment.

10-year Transferable Warranty

Bennington limited Lifetime Warranties are transferable within 10 years, adding to the resale value of your boat.

No Supplier Hand-Offs

We don't hand off warranty responsibilities to our suppliers. When it comes to stereo, canvas or carpet claims, your Bennington dealer will take care of it. After all, no one cares more about your satisfaction than we do.

Dealer payment

Bennington pays full retail labor rates to its dealers for warranty repairs. This ensures warranty work is completed quickly with your satisfaction in mind.

No Pro-Rating

Bennington boats carry the same valuable warranty whether it's the first day or the last day of the warranty. We **do not** use a declining scale of value in our warranty, also known as pro-rating.

peace of mind

THE LITTLE THINGS ARE A VERY BIG DEAL.

Bolts, weld seams and deck brackets? That's Ordinary talk. But how about a rattle-free ride, higher fuel efficiency and fewer hassles? Now there's something to get excited about.

Minor points, major differences.

Stronger, Extruded Deck Brackets

Our "M" Shaped, extruded deck brackets provide full coverage below the deck and the cross members. Their strength lies not only in their thickness and height, but also in their spacing across the deck. Spanning distance across the deck provides more rigidity and support for the entire structure, particularly in the transom area.

Stronger Gate Hinge

The gate has a one-piece, full-length, stainless steel piano hinge that increases strength and prevents binding.

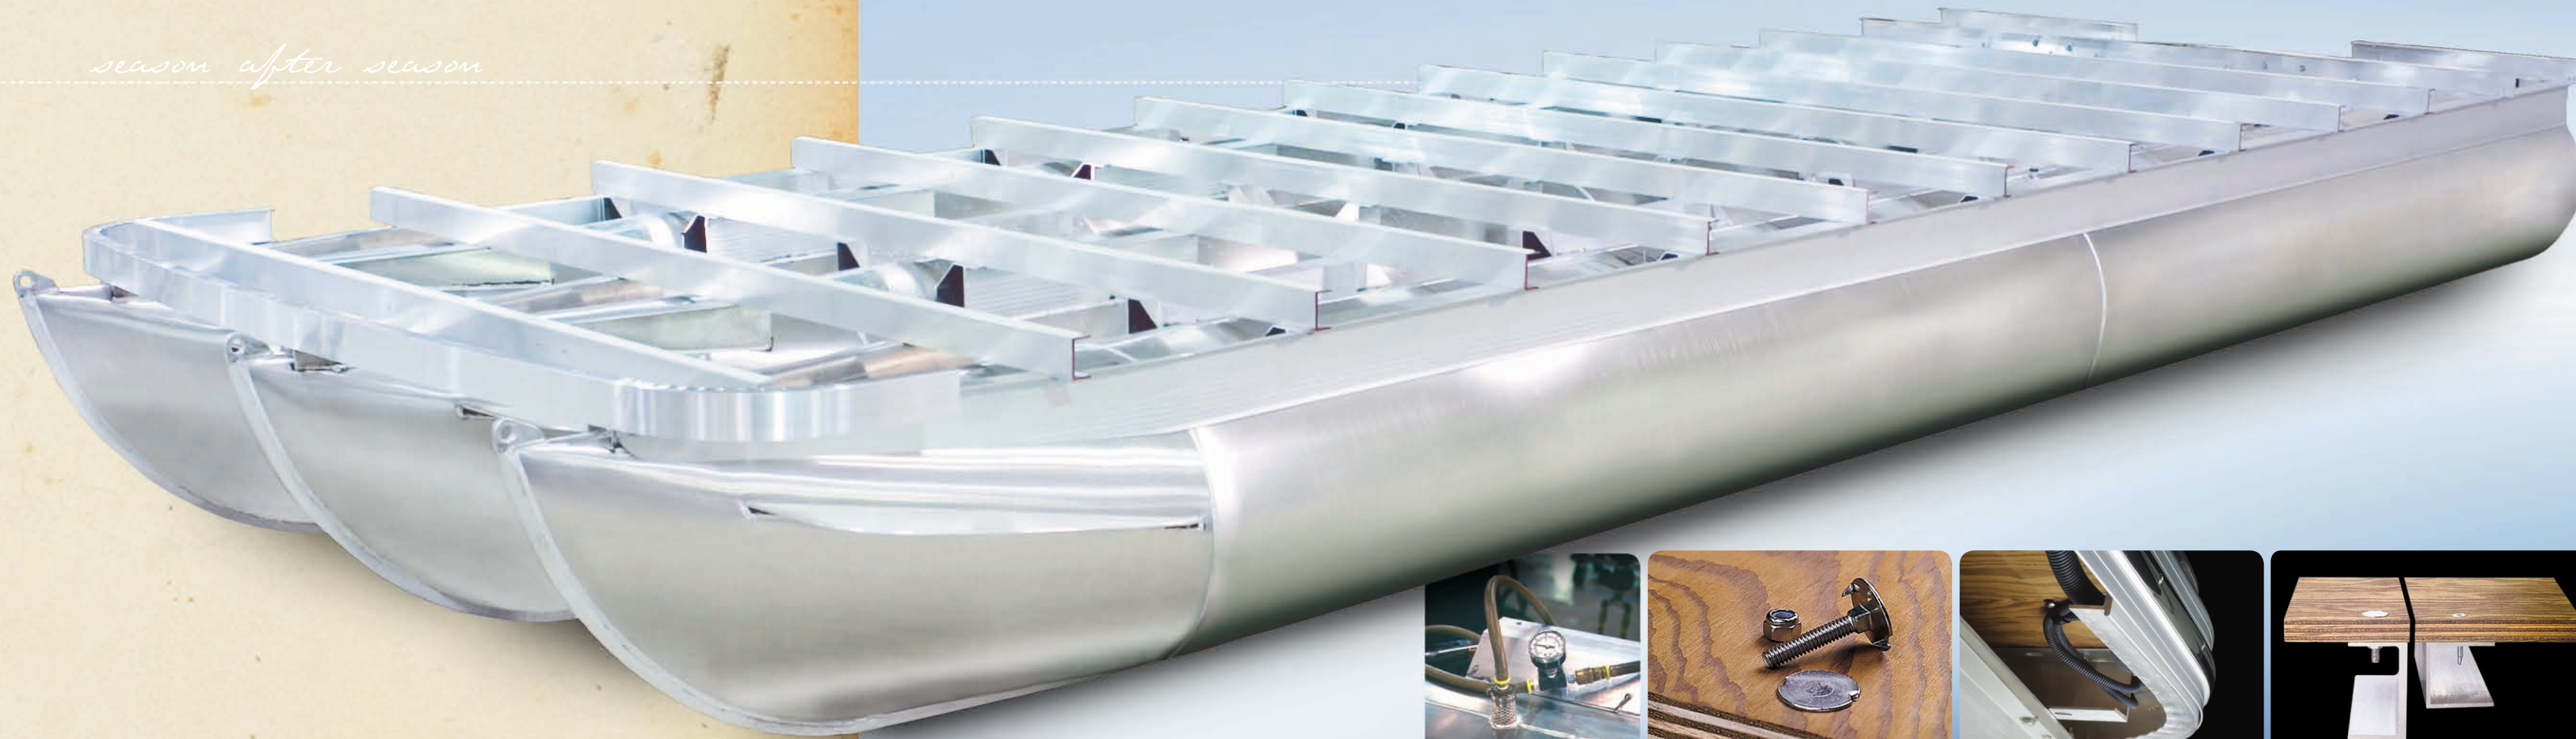

4 Sided Welding

Better Rail Construction

Bennington rails are variegated for strength and good looks, welded on four sides and anodized after welding to provide a clean finish. Additionally, our rails are anchored directly to the frame wherever possible.

season after season

construction

Pressure-Tested pontoons

Our pontoons are divided into multiple chambers with valves and separate headers. Each chamber is pressure-tested twice.

Stronger Elevator Bolts

Rather than the cheap, self-tapping screws used throughout the industry, we use stainless steel elevator bolts with large gripping heads and nylon-insert locking nuts to secure the deck to the cross channels.

Radius Bow Channels

The .25-inch thick radiused bow channel reinforces the heavy-gauge anodized aluminum bow trim for a structure that is stronger and less susceptible to damage than a bow corner casting.

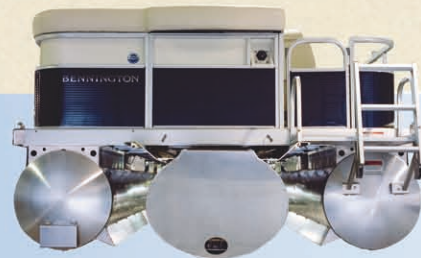

Channels

In order to handle today's heavier, higher horse power engines, we use 3-inch tall, .25-inch thick cross channels across the entire length of the pontoon. These are twice as thick as the industry's standard cross channels.

TAKE A SHORTCUT TO EXTRAORDINARY

Bennington Performance Packages are the fastest way to maximize your time away from Ordinary with increased power and maneuverability.

Custom-build your experience.

ESP 32-inch
Elliptical
Center Tube

Elliptical Sport Package

ESP 350 hp

Carry more passengers. Feel the power of a larger engine. Enjoy more stability, improved planing ability and a sharper turn radius. It's all possible with ESP. ESP displaces more water and sits higher for a ride that rivals a fiberglass monohull. The secret is an elliptical center pontoon with twin performance foils. When it comes to superior performance, we know what you're thinking. Optional Teleflex power assist steering recommended.

Package includes two 25-inch diameter pontoons, 32-inch center elliptical tube with twin performance foils, Sea Star hydraulic steering and underdeck waveshield. Maximum horsepower rating 350 hp with "I" Series 25-inch transom.

Performance Package

150hp

Add lift and increase overall performance for any Bennington model 20-foot and above. (Available in 20-inch transom only.)

Package includes three 25-inch diameter pontoons, Sea Star hydraulic steering and underdeck waveshield. Maximum horsepower rating 150 hp with standard 20-inch transom.

Steering Choices

Bennington pontoons are equipped with Teleflex cable steering. We recommend the following steering upgrades for larger horsepower applications:

Pontoons equipped up to 90 hp:	Teleflex cable steering or Baystar Hydraulic Steering (optional)
Pontoons and Performance packs up to 150 hp:	Seastar Hydraulic Steering (optional)
Pontoons and Performance packs over 150 hp:	Teleflex Power Assist Steering (optional)

play hard, turn easy.

SSR PACKAGE

Express your personal style and individualism with the bold SSR package, available in Deep Blue, Ragin' Red or Vibrant Yellow. Eye-popping color, custom graphics and a stainless rub rail highlight the exterior, while chrome helm accents, bright metal upholstery and a Rockford Fosgate stereo/speaker system complement the interior.

SSR Console
This vibrant console includes deluxe silver steering wheel with tilt, Rockford Fosgate Stereo/CD with MP3 and iPod compatibility, Storage Box, Digital Gauges, Depth Graph and Chrome accents.

Rockford Fosgate Sound System
Crystal clear highs and rich lows give this system a sound quality that is unheard of in marine audio. Throw in the optional sub-woofer, you're ready to make waves.

In-Floor Storage

Convenient, roomy storage keeps vests and other boating necessities safely out of the way below the deck. This option is available on both two-tube and three-tube models

Q Series

The top of the line. The best of the best. The elegantly styled and richly appointed Q-Series takes you far from Ordinary, and straight to perfection.

Chaise Storage Compartment

Exceptional touches like a top-opening chaise lounge that provides deep storage make the QXI an expression of true luxury.

Optional Granite-Topped Cooler

On the Q-Series, the cooler is more than just a place to keep your favorite beverages cold. We added a pair of stainless steel cup holders and wrapped it all in soft-touch vinyl. Then we finished it off with a granite-topped lid to make the perfect table.

Armrests

Trimmed in wood grain, finished with a stainless steel cupholder, the padded armrests raise the level of comfort in the Q-Series.

Inliner Seating System™

Leave it to Bennington to perfect the simple art of sitting. Our patented Inliner Seating System moves back, sliding the seat outward and the back rotates down slightly, to provide delightfully comfortable support.

a Bow Gate

An engineering marvel, the hydraulically-powered Q-Series Bow Gate reflects the curves of the unique compound radius bow.

b Optional Telescoping Ski-Tow Pylon

Conceals neatly beneath the sunbed and lifts up for instant action.

c Cast Aluminum Light Pods

These polished, cast aluminum light pods serve as both navigation lights and headlights, using multiple, very bright LEDs which use very little energy and last so long that they may never need replacement.

d Dimensional Insignia

This handsome 3-D insignia in a bright chrome finish lets everyone know that you're aboard the industry's premier pontoon boat.

e Rails

The attractive profile and grooved surface not only give Q-Series rails visual and tactile appeal, they also work in concert with extra thick tube walls to add high strength.

Q Series

Q/R Series helm with digital gauges.

PERFECTION IS WITHIN YOUR REACH .

Whether you're running all-out or just out for a cruise, the ergonomic Q-Series helm puts total control at your fingertips.

Dent-Resistant Panels
Revolutionary DRP® panels are made of the same tough, resilient polycarbonate used in motorcycle helmets and bulletproof glass. The surface annoying dents from anchors, docks, and other boats.

Chaise Galley
Use minimal space and gain maximum utility. Includes sink, granite top, stainless spill rail, 12-volt power source and 2 stainless cupholders. Lower storage area can be converted to optional refrigerator.

Raised Helm
With this popular option a curved, carpeted platform lifts the driver's position for improved visibility.

22750Xi
Shown in Colonial White with Optional Chaise Galley

R Series

Options. The R-Series is all about them. A wide range of floor plans, boat sizes and engine choices. Innovative options like Dent Resistant Panels (DRP), and the industry's first bow super lounges. The R-Series lets you custom-tailor your escape from Ordinary.

Optional Deluxe Galley

This fully equipped galley includes a luxurious granite top contoured by a stainless steel spill rail, pressurized sink with 6-gallon fresh water storage tank, one-touch paper towel storage, stainless cupholders and 12-volt power access. A convenient bottom storage compartment allows room for optional refrigerator.

Bow Rider Super Loungers

Indescribable comfort, relaxation and luxury can be found in our unique super loungers. Facing forward in bow rider RBRs and facing stern in center walk-through RCW/QCW models.

Optional Extended Swim Platform-Outboards

The all-new outboard extended swim platform is a simple way to increase the overall length of your boat without giving up interior space. This handy feature makes water sports, boarding the boat and engine maintenance a breeze.

Optional Walk-Thru Galley

Contemporary boat styling is complemented by the all new walk-through galley. This convenient galley features a pressurized sink, storage, 2 stainless cupholders, power switch panel for engine hatch, and more.

(Optional: available in port mid-gate position 2575RBR only).

I F Y O U ' R E N O T H A P P Y , Y O U ' R E N O T T R Y I N G .

Livewells for fishers. Ski pylons and hot engines for thrill junkies. Granite counters and premium sound systems for luxury cruisers.

No matter what you do when you're not in Ordinary, Bennington has an R-Series made just for you.

For anyone, for everyone.

RLI Console

A sleek automotive look sets the R Series console apart from its competitors, with digital gauges, chrome backlit switches, Garmin depth graph with bottom read, custom mahogany wheel, Rockford Fosgate Stereo/CD with MP3 and iPod compatibility, storage box, and tilt steering.

Contoured Bow Storage Boxes

The RFSI Series' contoured bow boxes serve as a convenient way to hold a drink, store your gear, or simply rest your feet. Each box includes a courtesy light and forward speaker.

Telescoping Ski-Tow Pylon

Conceals neatly beneath the sunbed and lifts up for instant action.

Stainless Corner Caps

R Series and Q Series rails are finished with polished stainless steel corner caps for the look and feel of true quality.

G Series

This season, you're leaving Ordinary and you're taking the family with you. Welcome aboard the G-Series, Bennington's family-friendly, feature-packed fun boat.

40-inch Galley

The conveniently-sized galley features a sink, one-touch, lift-up paper towel holder and generous storage. It is finished off with stainless steel cupholders and matching hardware.

Console Sink

With its own pump and removable cover, the optional console sink is a clever way to make the console do double-duty.

Optional G/F Series Reclining Helm Chair

The ergonomically-designed reclining helm chair has dual-density foam for maximum softness and firm support. It is upholstered in premium grade, soft-touch vinyl.

G-Series Console

A handsome wood grain dash trim and fog-resistant gauges give this one-piece fiberglass console a nautical appeal — shown with the optional deluxe helm package that includes tilt steering, deluxe mahogany wheel and docking lights. Depth gauge optional.

S

Series

You've spent time away from Ordinary on boats before. You always told yourself, "Someday I'll get a boat of my own." Bennington's budget-friendly

S-Series is here – and now, so is "Someday."

I/O Ski Eye

Add a stainless ski eye above the stern swim platform – safely out of the way until you're ready for water sports action.

Under Seat Storage

Alleviate your storage worries with the S-Series bench seat storage – easy to load and unload gear and even easier to clean.

S Series Port Chaise Lounge

Many S-Series models include a port chaise lounge adjacent to the console, increasing overall bench length for maximum comfort.

I/O Extended Swim Platform

The I/O extended swim platform is a simple way to increase the overall length of your boat without giving up interior space. This handy feature makes water sports, boarding the boat and engine maintenance a breeze.
