

2022 PRODUCT GUIDE

THE TRUTH IS ON THE WATER

It's more than a boat, It's a lifestyle. It's a commitment to family and fun. It's a dedication to creating life-long memories on the water. And it all adds up to quality time spent together with those you care about the most. At Malibu Boats, we recognize that your boat is all those things, and that's why we spend so much time perfecting the coveted blend of perfect wakes and waves, uncompromising quality, unmatched versatility and real-world innovations that have made Malibu the best-selling towboat brand in the world.

#1 FOR A REASON

AWARD-WINNING

When you lead the pack, others will follow. It's only natural. At Malibu we lead the towboat industry with award winning breakthroughs in everything from comfort to luxury to technology, and the rest of the industry follows. We measure our success by the memories made on the water and sometimes we earn a little more recognition along the way.

BOAT OF THE YEAR

SURF GATE, POWER WEDGE III, & SURF BAND

INDUSTRY LEADING INNOVATION

We changed the game with **Surf Gate** by making an effortless, perfect wave on either side of the boat at the touch of a button. Then we added in **Surf Band**, so the surfer can control their wave while they ride. Throw in **Power Wedge III** to control the wave's length and height for a mellow or rampy wave and you have the perfect recipe for your best day on the water.

MALIBU COMMAND CENTER

INDUSTRY LEADING INNOVATION

At Malibu we believe technology should improve your life and user manuals should be optional. If your family wants to switch seamlessly from sport to sport, you can make it happen with our factory presents in the Malibu Command Center. Control your cameras, call up watersports presets, set the mood lighting, dial in your playlist and much more, all without moving from the deluxe helm seat.

A: The 12" center touch screen does all the heavy lifting. Powered by the Malibu operating system (mOS), this high-visibility touch screen will be your source for all the boat's main functions. **B:** The secondary touch screen allows you to dive deep into settings to customize the boat to your family's personality. **C:** The optional Sport Dash™ with Wireless Charging keeps your device topped up and watersports touch pad controls close at hand. **D:** Stern Turn allows you to turn on a dime and maneuver with ease into tough docking situations, all from a button on the throttle. **E:** Multiple wireless charging stations located throughout the boat provide all your passengers with power on the go.

THE PROOF IS IN THE PATENTS

INDUSTRY LEADING INNOVATIONS

At Malibu, we continually push ourselves and our products with the end goal of creating the best watersports boats to elevate your on-water experience. The patents are an effect of this continual advancement, and others take notice. That's why over 20 companies licensing our technology. It's the sincerest form of compliment, but the perfect combination of advancement and application is still only available on a Malibu.
